The FET Flagship Partnering model

Network- what we do

- Main objectives
 - Launch joint transnational calls for projects in synergy with the existing Flagships
 - Support the FET Programme in general, in conjunction with the Flagship Board of Funders
- 46 projects launched over the first 3 calls
 - 42 projects (~27 M€ funding) in synergy with the two Flagships
 - 4 projects (~9 M€) for preparing new Flagship proposals
- Creates visibility of the Flagship initiatives among national funding organisations
