

5 - 6 DEC. 2023

# EUROPEAN PARTNERSHIP STAKEHOLDER Forum **2023**

BLUE POINT | BRUSSELS

## SESSION A1

Synergies between partnerships  
and missions

# Goals/ Output

This session will

- give an overview of potential synergies
- showcase good practices
- facilitate the exchange of experiences
- discuss on how to proceed

# Last Year - Toolbox

**This year:  
concrete  
examples**

---

## Speakers:

Luis Vivas-Alegre, EC, DG AGRI

Margit Noll, FFG/ DUT

Kathrine Angell-Hansen, RCN/ Sustainable Blue Economy PS

Andrea Gentili, EC, DG RTD

Petra Manderscheid, JPI Climate

**MODERATION: TOM-ESPEN MØLLER, RCN**

---

# **Synergies between Partnerships and Missions:**

**Focus on the EU Mission 'A Soil  
Deal for Europe' and the Co-Fund  
Partnership 'Agroecology'**

**Luis Vivas-Alegre**

**European Commission**

**Head of Sector Research and Innovation Coordination**

**DG Agriculture and Rural Development**

*Partnership Stakeholder Forum*

*Session 'Synergies between*

*Partnerships and Missions'*

*5 December 2023*

# How EU Mission Soil and Agroecology Partnership can link together and contribute to each other?

- Identifying cross-cutting themes and coordination of calls and/or joint calls
- Cooperation and coordination between projects (e.g., clusters)
- Cooperation and coordination on soil monitoring-related activities
- Soil health data collection
- Opportunities for data interoperability and data sharing
- Sharing and/or connecting living labs and lighthouses
- ‘Non-research’ activities: best practice sharing, experts exchange, capacity building, communication and dissemination activities, etc.
- Common policy-related activities (policy briefs, events, etc.)
- ...

# Possible advantages and challenges

## Advantages

- Creation of communities (consortia)
- Pooling implementation activities towards common goals
- Encouraging co-investment
- Mutual learning, awareness raising, joint dissemination of results
- Boosting EU funded research, deployment of results
- Increased visibility and outreach
- Higher impact on policies...

## Challenges

- Different instruments
- Different implementation modalities (governance structures, actors, etc.)
- Level of involvement of Member States in the two instruments
- Potential duplication of research calls/innovation activities
- Ownership issues...

Discussions to be continued!

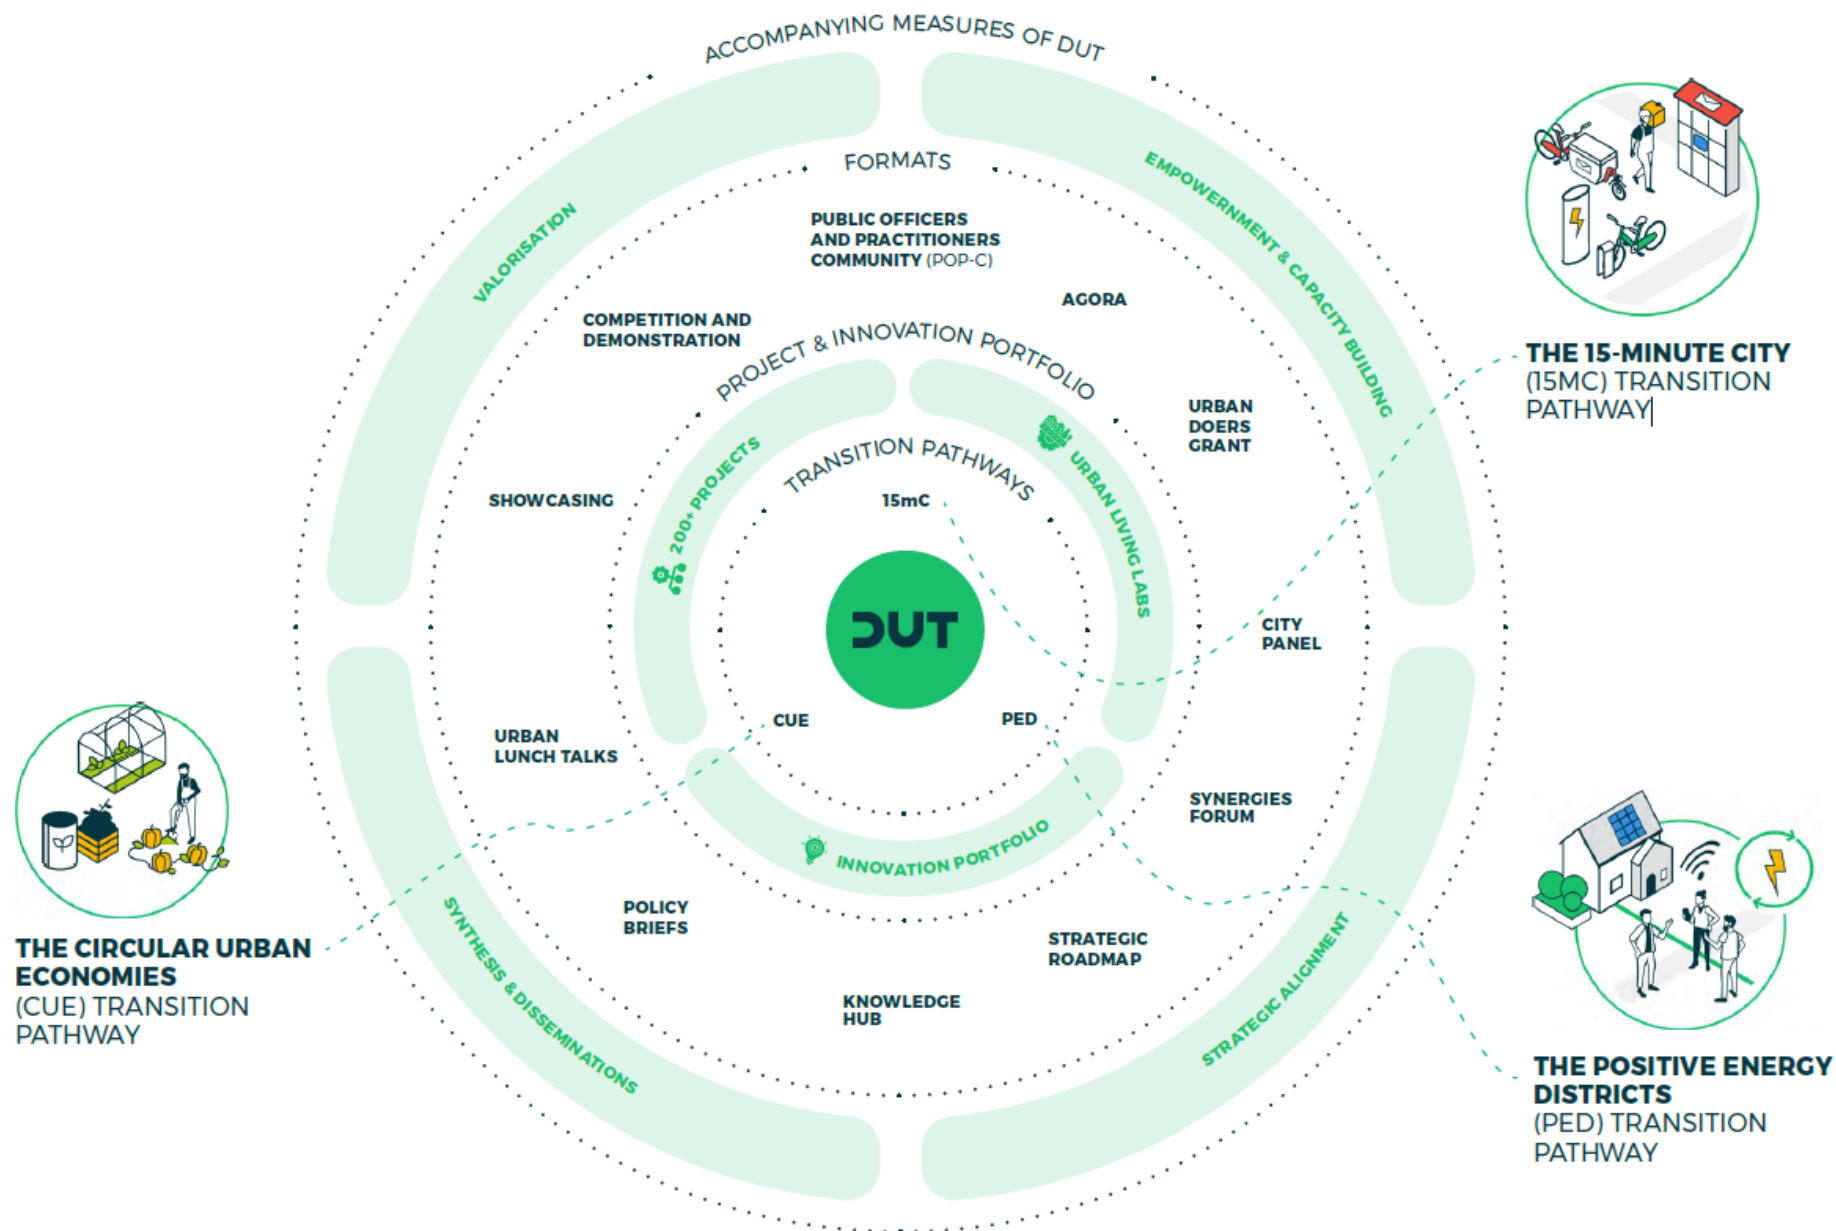

# **Driving Urban Transitions to a sustainable future**

# Transformative Research and Innovation Programme

The DUT Partnership steps up the game to tackle urban challenges through research and innovation. We enable local authorities and municipalities, business and citizens to make global strategies into local action. We develop the skills and tools to make urban change happen and boost the urgently needed urban transformations.

# Contribution to Cities Mission

mission project

CAPA **CITIES**

Mobilising and aligning **national and regional strategies and funding** to support urban transformation and the city mission

Creating a **portfolio of R&I projects** addressing key issues for urban transitions

158 urban public authorities participating in 48 DUT projects

Mobilising and **empowering urban stakeholders** to engage in R&I and co-design solutions

74 community building measures  
City Panel  
Urban Doers  
Community

Funding and promotion of **urban living labs** for local experimentation and creation of good practice cases

150+ living labs from JPI Urban Europe

Bringing results into our cities through **mainstreaming, replication, valorisation**

Engagement in 2 UAEU partnerships  
Public Officers  
Community

# Driving Urban Transitions to a Sustainable Future

# European Partnership under Horizon Europe

# Margit Noll

Sustainable Blue  
Economy Partnership

# Synergies between The Sustainable Blue Economy Partnership Mission Restore our Ocean and Waters by 2030

Kathrine Angell-Hansen

The Research Council of Norway

## CRITERIA FOR CONNECTIVITY WITH MISSION AND OTHER ERA-ACTIONS

- ▶ Thematic convergence
- ▶ In the case of the mission this could relate to involving projects
  - ▶ EC impressive portfolio analysis 841 projects EU funded since 2014 facilitates this
- ▶ Thematically in first instance the Partnership IA and mission action on DTO (Digital Twin of the Ocean)
- ▶ We share a seabasin approach with mission lighthouses but with slightly different targets

**Portfolio Analysis**  
**EU Mission "Restore our Ocean and Waters by 2030"**

Analysis of a portfolio of projects financed by sixteen EU programmes contributing to the objectives of the Mission Ocean and Waters

# Objectives and ownerships of the portfolios (can be thematic and regional)

- ▶ Objective:
  - ▶ increase efficiency between the projects by avoiding duplication, creating exchanges of results
  - ▶ Increased critical mass, speed and impact herein proposing innovative solutions
  - ▶ Create trust between scientists in same domain, avoiding competition rather cooperation
- ▶ Ownership/lead of portfolios:
  - ▶ Can be SBEP, other partnership, in mission ODT it will be the EC probably COPERNICUS Marine services or other partnership, probably also involving Water4Allpartnership

# Ex. activities of portfolios – theme dependent:

- ▶ Establishment of the list of projects belonging to the joint action,
- ▶ Mutual presentation of the roadmap of the different projects and their timelines,
- ▶ Building a community of practice,
- ▶ Sharing results, experiences, protocols...
- ▶ Building common databases,
- ▶ Promote comparative analyses,
- ▶ Promote synthesis approach to produce joint scientific papers,
- ▶ Identification of common activities to promote common outcomes,
- ▶ Writing recommendations for policies makers, produce some policy briefs,
- ▶ Publish jointly in scientific journal their main results
- ▶ Have a common approach toward the industry to diffuse their outputs to speed up knowledge transfer to the industry

---

# Andrea Gentili, EC, DG RTD

# JPI Climate:

## *“Connecting Climate Knowledge for Europe”*

Horizon Europe Partnership Stakeholder Forum  
5 December 2023 Brussels

*Session focussing synergies between partnerships themselves and with missions*

*Petra Manderscheid  
Executive Director JPI Climate*

<https://jpi-climate.eu/>

# JPI Climate and HEU Missions: main partner in “Mission” project MAGICA

**MAGICA**

## *Maximizing the synergy of European research Governance and Innovation for Climate Action*

- synergies between infrastructure investments and initiatives of climate change research and innovation across the ERA
- building JPI Climate in support to the international and European climate agenda (the European Green Deal including HEU Missions)
- Strong, organic links with sister project MAIA
- Gathers other main mission projects P2R, Climaxx, Climateurope2 and TRAMI in a Horizon Board

JPI Climate and MAGICA collaborating in **MIP4Adapt** on the work of an Implementation Platform for the Mission CCA

# JPI Climate and Missions: **contribution the enabling environment**

## Examples of Generation of New Knowledge:

### *Societal transformation in the face of climate change*

- 7 interdisciplinary projects led by the social sciences and humanities community
- Based on the JPI Climate White Paper Operationalising **knowledge on and for**
- **societal transformations** in the face of climate change by further development of the economics and finances of climate change
- Building upon a **growing community** of a network of SSH **processes in practice looking into policy, business, community and individual practices.** (*SHIFT Cost Action initiated by the Action Group Enabling Societal Transformation*)

### *Climate and Cultural Heritage joint call (in collaboration with JPI Cultural Heritage and the Belmont Forum)*

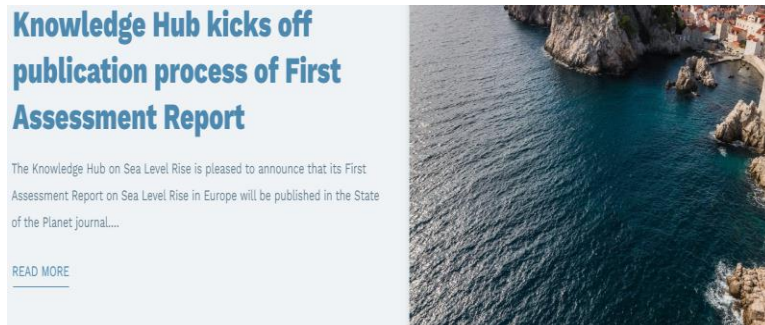

- Projects expected to start in spring 2024
- Based on a joint White Paper on new perspectives in climate and cultural heritage research
- Contributing to a new community of researchers linking interdependencies of climate change and cultural heritage

# JPI Climate and Missions: Enhancing the science policy interface

..... accelerating the transfer of knowledge via the organization of Dialogue Fora between Science and Policy to support climate action

ECCA 2023, 6th European Climate Change Adaptation Conference

19 Jun – 21 Jun 2023 | Dublin, Ireland

MORE INFORMATION

# Wrap up

The results of all parallel session will be presented in the plenum tomorrow.

All slides and a conference report will be available asap on the ERA-LEARN Website:

<https://www.era-learn.eu/news-events/events/partnerships-stakeholder-forum-2023>

Stay tuned and register to the ERA-LEARN News alert:
