

2018-2020 Ambitions of the Joint Programming Initiative on Agriculture, Food Security and Climate Change (FACCE-JPI). Building on our achievements

Niels Gotke
Chair, FACCE-JPI Governing Board

State of play

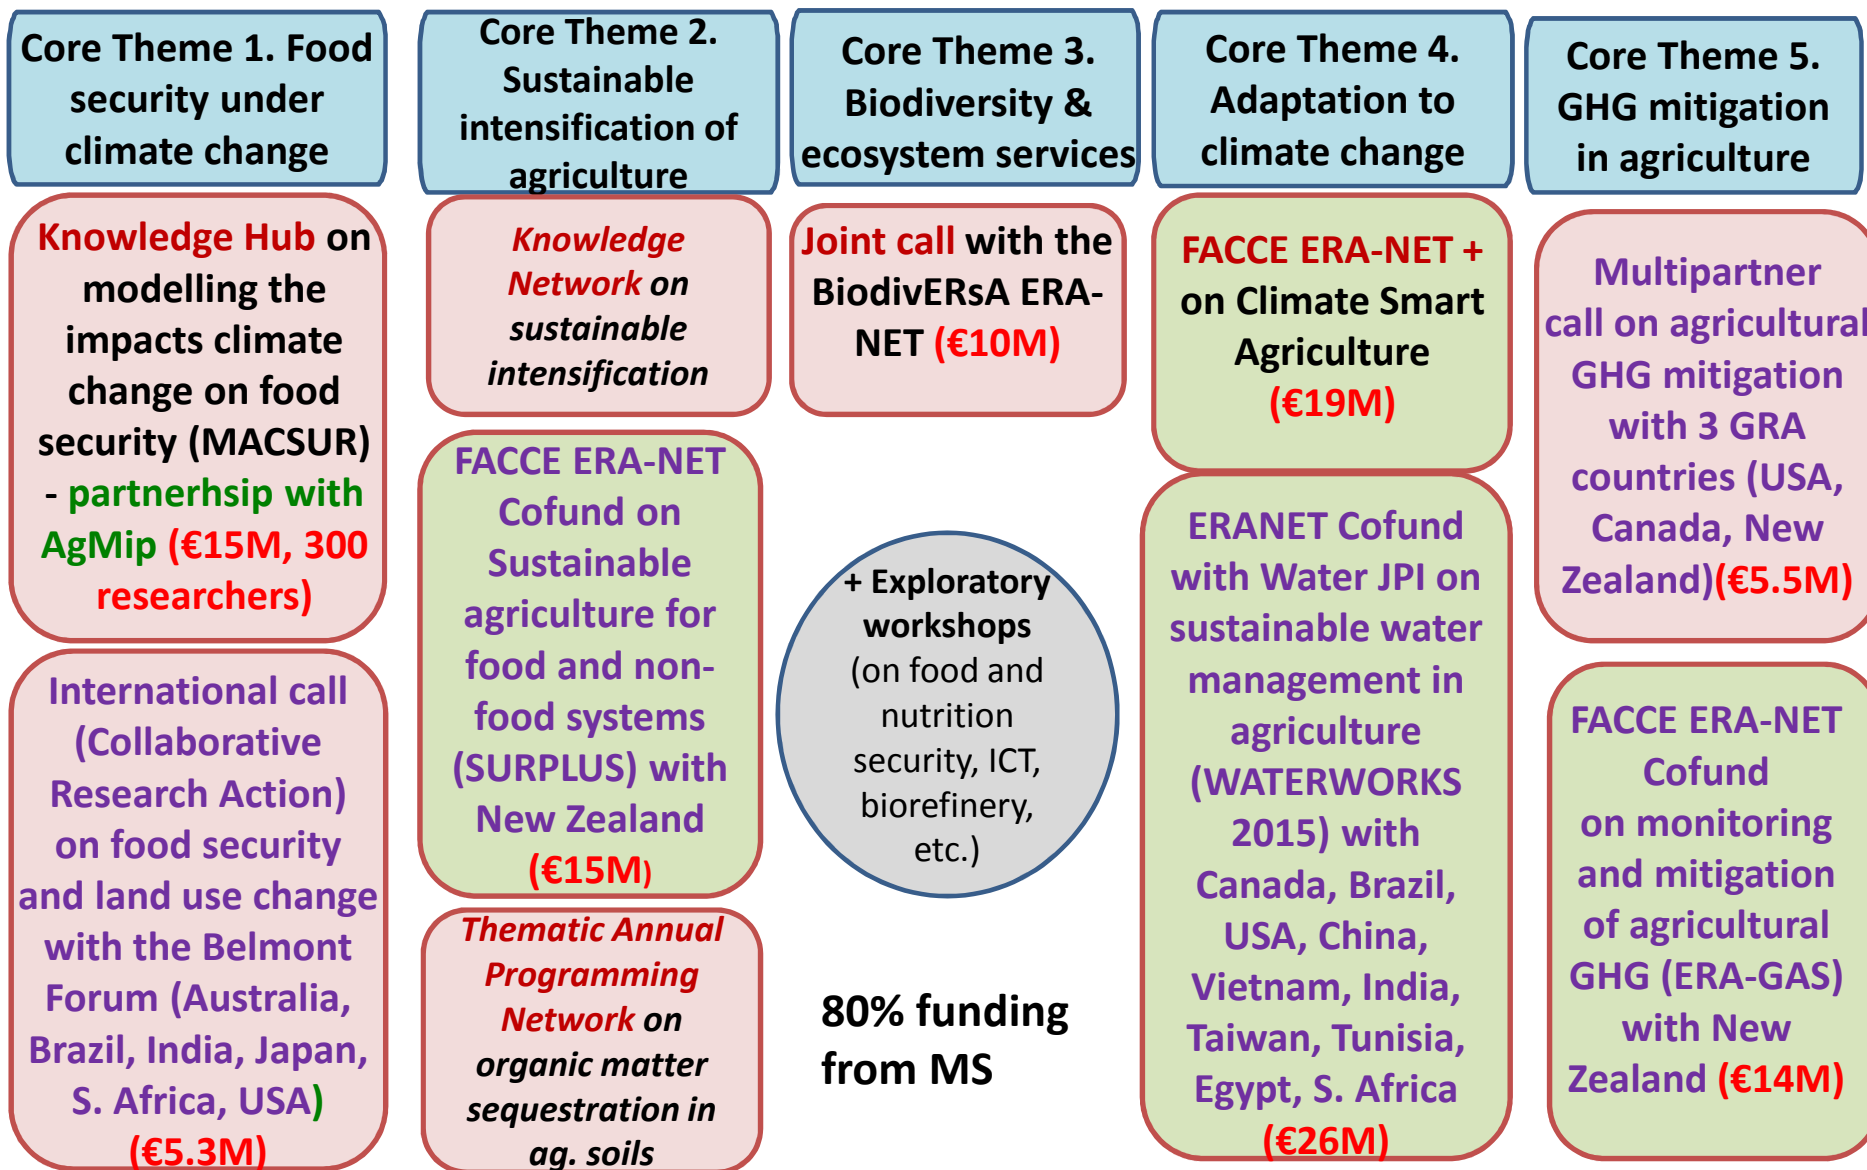

- Strategic Research Agenda
 - Published 2013
 - Updated 2016
- Implementation Plans
 - IP 2014-2015
 - IP 2016-2018
 - IP 2018-2020 being developed
- Actions
 - Mapping
 - Workshops
 - 10 ongoing research actions

5 FACCE-JPI joint actions involve third countries

Total of 10 joint actions; 53 projects; €110 million

2018-2020 Ambitions

- Diversity of instruments – alignment, calls, exploratory workshops...
- Coordination and synergy with SCAR and PCs
- Continue working with existing ERA-NETs
- Continue cooperation with other JPIs
- Continue international outreach and cooperation (GRA, GACSA, IBF...)
- Taking into account the policy context when defining actions
- Consolidate and work with impact, indicators, governance

Summary of 2018-2020 ambitions

**Use of existing
ERA-NETs**

**Inter-JPI and
international**

EC cofunding

**Follow-up on
workshops**

Cross-cutting

**International
conference**

EC co-funding

- Soil – need for coordination → large scale action bringing in existing and new research (EJP)
- Digital agriculture – need for integration and consolidation → CSA
- Food security, including economic aspects – need for new research → ERA-NET

International conference

- Reach out to stakeholders
- Boost visibility, demonstrate impact
- Possibly with other initiative
- Planned for late 2018
