

TRAINING COURSE:

USING FORESIGHT IN PUBLIC-TO-PUBLIC PARTNERSHIPS (P2PS)

FEBRUARY 15TH - 16TH 2018, VIENNA

ERA-LEARN 2020 offers the third training course on the application of foresight-processes for trans-national coordination of strategic research and innovation.

The aim of this training course is to empower management structures of Public-to-Public Partnerships in their endeavor to develop, align and update their Strategic Research (and Innovation) Agendas in the trans-national context of Joint Programming Initiatives.

The training course is organized as a 2-day personalised on-site seminar. It will illustrate how to set up a foresight process and to choose appropriate methods and techniques that fit the context of Joint Programming. Participants will have the opportunity to work on a real-case topic in order to learn how to apply a set of core techniques.

BENEFITS FOR PARTICIPANTS

- Support for the formulation or update of Strategic Research Agendas of Joint Programming Initiatives
- Support ERA-Nets und Article 185 Initiatives in their strategic activities

LEARNING EXPERIENCE

- Participants will learn about the potential of Foresight in trans-national research programmes.
- Participants will learn how to plan and set-up Foresight processes.
- Participants will get an overview of Foresight methods.
- Participants will learn and experience the core elements of strategic foresight using scenario techniques and applying it to a real world case.

TARGET GROUPS

- Representatives from JPI management and governing bodies responsible for the implementation of the Strategic Research Agenda
- The training is open for policy makers in preparation of an ERANET, ERANET Managers and Managers of Article 185 Programs.
- Participation of countries with little experience in trans-national joint programming is explicitly encouraged.

COSTS

- There are no participation fees.
- Travel and accommodation costs have to be borne by participants.

APPLICATIONS FOR PARTICIPATION

The training is limited to 25 participants. Please register until January 15th, 2018 at: <https://www.era-learn.eu/events>

TRAINING TEAM

- AIT Austrian Institute of Technology
